Journal of Northwest Atlantic Fishery Science

Editorial Policy

The *Journal of Northwest Atlantic Fishery Science*, published by the Scientific Council of the Northwest Atlantic Fisheries Organization (NAFO) with headquarters in the Bedford Institute of Oceanography, Dartmouth, Canada, is intended to be regional in scope, publishing original research papers and notes on Northwest Atlantic fisheries science with emphasis on the environmental, biological, ecological and fishery aspects of living marine resources and ecosystems. Papers of general applicability, methodological papers and review papers relevant to other areas may also be considered. Space for "Letters to the Editor" will also be provided, when necessary, to facilitate scientific discussion of published papers containing controversial aspects. Manuscripts approved for publication are accepted with the understanding that their content is unpublished and is not being submitted elsewhere for publication. All manuscripts should be submitted to the Editor, who, with the assistance of Associate Editors expert in the fields of biological oceanography, vertebrate fisheries biology, invertebrate fisheries biology and biomathematics, will ensure that the submitted papers, prior to publication, meet the high standards required for a primary scientific journal.

Editorial Board

Editor:

Mr V. M. Hodder, Assistant Executive Secretary, Northwest Atlantic Fisheries Organization (NAFO), Dartmouth, Nova Scotia, Canada

Associate Editors:

Biological Oceanography — A. J. Lee, Sea Fisheries Laboratory, Lowestoft, England.

Vertebrate Fisheries Biology — B. B. Parrish, Marine Laboratory, Aberdeen, Scotland.

Invertebrate Fisheries Biology — E. J. Sandeman, Northwest Atlantic Fisheries Centre, St. John's, Newfoundland, Canada.

Biomathematics — W. G. Doubleday, Resource Services Directorate, Ottawa, Ontario, Canada.

Background Information

Extension of fisheries jurisdiction by states bordering the Northwest Atlantic resulted in the negotiation of a new convention on multilateral cooperation in the area with regard to fisheries. This Convention, which entered into force on 1 January 1979, established, to replace the former International Commission for the Northwest Atlantic Fisheries, the new Northwest Atlantic Fisheries Organization (NAFO). Consequently, the Scientific Council of NAFO assumed the responsibility to provide a forum for consultation and cooperation on fisheries science in the Northwest Atlantic, and considered the establishment of a primary regional fisheries journal essential if its mandate is to be successfully met. Single issues of Volumes 1 and 2 of the Journal were published in 1980 and 1981 respectively, and it is intended that subsequent annual volumes be published in two parts (spring and autumn issues). The Scientific Council wishes to encourage the submission of suitable articles for publication and welcomes subscriptions to the Journal from scientists and libraries of research institutes and universities.

Submission of Manuscripts

Authors with manuscripts on subjects within the scope of the Journal, as defined in the above Editorial Policy, are encouraged to submit them for consideration (original and two copies) to:

The Editor,
Journal of Northwest Atlantic Fishery Science,
Northwest Atlantic Fisheries Organization,
P. O. Box 638,
Bedford Institute of Oceanography,
Dartmouth, Nova Scotia,
Canada B2Y 3Y9.

Information for Authors appears at the back of each issue.
